Thanks for all your help, Karen! I agree that it was really helpful to have so many programs working together on this. I don't think this issue is going away any time soon, so hopefully we can continue to collaborate with one another.

Peter, Tara, Michael, and Leah,

Thanks for all your work on spearheading the effort to resolve the regulatory issues and send a strong letter to the Navy. I really appreciated having our programs work together, and the inclusiveness of the tribe on this issue.

All,

Find attached a letter I sent to the Navy today. Thank you Michael, Tara and the rest of the technical team and Leah for drafting. I have also sent this to the State (Ecology/PSP and Gov Office), the Suquamish and NOAA.

I may have missed people in this email list - feel free to forward within EPA as needed. Technical folks the Suquamish requested a meeting to go over our review. Michael and I will work to set that up for next week.

Thank you,
Peter
